GAYLORD TILTER

Features

- Heavy Duty Frame
- Ground Entry Loading
- Firestone Industrial Airbag
- Parker Pneumatic Regulator
- Parker 3-Position Valve
- 1" Flanged Pivot Bearing
- Vacuum Wand Holder
- Gaylord Retainer

The Gaylord Tilter is designed to increase the efficiency of vacuum unloading Gaylords or other containers. The automatic tilting feature allows for the smooth and continuous flow of material to the vacuum wand with little or no assistance from your operator.

This unit will lift up to 1000 lbs at 80psi. However, the initial tilt weight can be set as required using the adjustable regulator.
